Description: the wine is produced with Glera grapes from the province of Treviso. The environmental and growing conditions of the vineyards need to comply with precise quality requirements. The territory is particularly suitable for this variety, due to the sun exposure, the temperatures and the soil. Prosecco Frizzante reminds of the old style "sur lie" version. It has a bright straw yellow color, its intense aromas are slightly floral, with hints of yellow fruits. It is pleasantly fresh and sapid, with sweet nuances.

Food pairings: perfect as an aperitif and with light appetizers.

Serving temperature: 7-9 °C.
