Description: Lugana is the white wine of Lake Garda and is straw yellow in colour with charming greenish reflections. The taste is balanced, pleasant and round, with the classic minerality reminiscent of the clay soil of southern Lake Garda.

Food pairings: with its fresh and attractive aroma, is ideal for aperitifs, but also goes wonderfully with a wide range of starters, first and main courses of lake fish such as trout, perch and whitefish. Don't forget to pair it with soft cheeses for an unforgettable taste experience.
